What is this?

Preschool, level 4b

2-3 players and a dice. Roll the dice. The player with the highest number, solves the next square. Roll dice again to decide who solves square number 2 etc.

Help and ideas:

Show the number with your fingers. What is the thing "in the square" used for?

Describe- and tell squares: clothes, colours, gender, feelings etc.

And then a question to use fantasy: why is he/she happy/sad/angry...? What just happened? What happens next?

All players do all exercises.
