Dear Educator

www.trine-evald.dk, International, English for Ukrainian

This file is part of a series.

The files about the numbers 11-20 is in order on my website and are named so they will keep the order, when you download them to your own computer.

I planed this file as a joint introduction until page 14 and practice from page 14. After that, the film to support the pronunciation in class or as self-study. The “Quiz and switch” cards in the group or as an activity for 2 pupils – this can for sure be done in many ways – feel free to do it your own way.

Have fun.

A photograph of a gravel path winding through a forest. The path is covered in small stones and some fallen leaves. The forest is composed of tall, thin trees, likely pines or spruces, with green needles. The ground is covered in a layer of brown leaves and moss. The sky is visible through the trees, showing a clear blue color. Overlaid on the image are the numbers 11 through 20 in a large, white, sans-serif font. The numbers are arranged in two rows: 11, 12, 13, 14, 15 in the top row, and 16, 17, 18, 19, 20 in the bottom row. The numbers are positioned over the path and the trees, with some numbers partially obscured by the branches of the trees.
